## \*NOTES\*

- \*1 In addition to the goose numbers was a single brood of 8 goslings.
- \*2 Fourteen heron nests were occupied with 23 herons.
- \*3 Two adults seen N. of the NE. forest, female soaring with male vocalizing, then later same two over the E. knoll.
- \*4 Both NW. adults on territory (female on nest, male perched near nest). An adult flying SE. from the SE corner.
- \*5 A tight flock of small shorebirds flying low over the constructed wetlands, but too far away to further identify.
- \*6 Nest building was observed.
- \*7 Twelve Myrtles and 17 Audubon's Warblers observed; no others were distinguished by numbers, as to race.

## **MORE NOTES**

Also seen were two muskrats and a rabbit.
